1-15: Initial assembly steps for the chair's frame. Steps 1-5 show the base and legs. Step 6 shows the seat base. Steps 7-15 show the backrest and side rails being attached to the seat base.

16-23: Finishing the chair's body. Step 16 shows the seat base being completed. Steps 17-23 show the addition of green and white bricks to create a textured surface on the seat and backrest.

24-37: Detailing the chair's body. Steps 24-37 show the addition of more green and white bricks to refine the texture and shape of the seat and backrest.

38-45: Adding the chair's backrest. Steps 38-45 show the backrest being built up with blue and white bricks, including the addition of a black piece for the top edge.

46-50: Final assembly and finishing. Steps 46-50 show the final assembly of the chair, including the addition of a white piece for the front edge and the final placement of the chair on a wooden stand.

51-55: Final assembly details. Steps 51-55 show the final assembly of the chair, including the addition of a white piece for the front edge and the final placement of the chair on a wooden stand.
